

ICE IoT 2016 Agenda at a Glance

Best Practice CE	Quality Management	Analytics	Demos
MBSE/MBE	Configuration Management	IoT	Industry Roundtables
Requirements	Research	TBD	Open Labs

ICE IoT 2016 – Tracks

Tracks

Analytics

Best Practice CE

MBSE/MBE

Requirements

Quality Management

Configuration Management

Research

IoT

Industry Roundtables

- **Watson Analytics** – Cognitive computing, analytics and reporting
- **Best Practices for Continuous Engineering** - Success stories, Challenges and Solutions which helped transform your business.
- **Model Based Systems Engineering (MBSE)** - Best practices, new implementations and advances in MBSE and MBE for SW
- **Requirements Management (RM)** - Best practices, new implementations and advances in RM
- **Quality Management (QM)** - Best practices, new implementations and advances in QM
- **Configuration Management** - Best practices, new implementations and advances in CM and collaboration
- **Engineering Research** - What's new in research for the IoT and systems engineering
- **IoT Platform** - How to design to connect and thrive on the IoT
- **Industry Roundtables**
